Supplement to the

"Proceedings of the Indian Academy of Sciences"

INDEX TO VOL. LIX (B)

AUTHORS' INDEX

Agarwal, Man Mohan .. Studies of forms of Aphelinidae (Hymenoptera—Chalcidoidea) collected at Aligarh (India), I, 263.

Chandra, Naresh and Saxena, N. P. Morphological studies in the Gramineae, V, 1.

Chandwani, G. H. .. *See* Padmanabhan and others.

Farrukh Kazmi .. *See* Nayar and Farrukh Kazmi.

Felicy Antony .. *See* Sreenivasan and others.

Freitas, Yvonne, M. .. *See* Gandhi and Freitas.

Gandhi, N. M. and Freitas, Yvonne, M. .. The production of vitamin B_{12}-like substances by marine micro-organisms, I, II, 24, 33.

Ganguly, D. .. *See* Padmanabhan and others.

Gothwal, B. D. .. *See* Narayana and Gothwal.

Kapoor, L. D. and Sharma, B. M. *Argemone mexicana* Linn., II, 88.

Kashyap, H. V. and Nigwekar, V. B. The blood vascular system of *Riopa guentheri* (Peters) Reptilia: Sauria, 195.

Kasinathan, S. .. A study of alloxan-induced "Diabetes" in the estuarine clam, *Meretrix casta* (Chemnitz), 318.

Koul, M. L. Hakoo .. Chromosome numbers in some medicinal composites, 72.

Lal, Bachan .. Morphological, histological and histochemical studies of the pituitary gland of *Cirrhina mrigala* (Hamilton), 297.

Malaviya, (Miss) Manju .. *See* Rao and Manju Malaviya.

McLaughlin, J. J. A. .. *See* Prasad and others.

Motial, V. S. .. Sex-expression in some non-commercial citrus varieties, 96.

Nag Raj, T. R. .. New records of fungi from Mysore, III, 47.

Nair, P. V. Ramachandran *See* Prasad and others.

Narayana, H. S. and Gothwal, B. D. A contribution to the study of root nodules in some legumes, 350.

Nayar, B. K. and (Miss) Farrukh Kazmi The gametophyte of *Acrostichum aureum* L., 185.

Nigwekar, V. B. .. *See* Kashyap and Nigwekar.

Padmanabhan, S. Y., Ganguly, D. and Chandwani, G. H. Breeding rice varieties resistant to blast disease caused by *Piricularia oryzae* Cav., II, 287.

Parthasarathi, K. and Ramakrishnan, S. Contributions to a biochemical study of sugarcane, I, 110.

Pasha, S. M. Kamal .. The anatomy and histology of the alimentary canal of an omnivorous fish *Mystus* (= *Macrones*) *gulio* (Ham.), 211.

The anatomy and histology of the alimentary canal of a herbivorous fish *Tilapia mossambica* (Peters), 340.

Prasad, R. Raghu, Nair, P. V. Ramachandran and McLaughlin, J. J. A. Standardization of C^{14} stock solution and filter efficiency in the comparison of primary productivity measurements, 245.

Prem Khare .. *See* Rao and Prem Khare.

Pundir, Y. P. S. .. *See* Varghese and Pundir.

Pushpa Khanna .. Morphological and embryological studies in Nymphaeaceae, I, 237.

Ramakrishnan, S. .. *See* Parthasarathi and Ramakrishnan.

Ramalingam, A. .. *See* Sreeramulu and Ramalingam.

Ramji, M. V. .. Morphological and ontogenetic studies in *Sarcandra irvingbaileyi* Swamy, III, 360.

Rao, A. Appa .. Nitrogenous manuring in relation to blast disease of rice, 173.

Rao, A. R. and Malaviya, (Miss) Manju The peculiar sclereids of *Cephalotaxus drupacea* Sieb *et* Zuc. C., 228.

Rao, A. R. and Prem Khare Contribution to our knowledge of the sporophyte of *Tectaria amplifolia* (V.A.V.R.) Christensen, 328.

Rao, A. R. and (Miss) Vimala K. Menon		On a new specimen, probably of *Palmoxylon sundaram* (Sahni) from Mohgaon Kalan, Madhya Pradesh, 137.
Rao, J. S. R. Krishna and Sastry, A. V. R.		Mineralogy of the Calc-granulites from Srikakulam District, 222.
Saroja, K.	..	Influence of pH and temperature on the oxygen consumption of the earthworm, *Lampito mauritii*, 145.
Sarojini, S.	..	Effect of implantation of androgenic gland on the relative growth of abdomen in *Ocypoda platytarsis* (M. Edwards), 259.
Sastry, A. V. R.	..	*See* Rao and Sastry.
Saxena, N. P.	..	*See* Chandra and Saxena.
Sen Gupta, K.	..	Studies on the specificity of haemolymph from different insects for the culture of tissues from other insects, 103.
Sharma, B. M.	..	*See* Kapoor and Sharma.
Soundar Raj	..	*See* Sreenivasan and others.
Sreenivasan, A., Soundar Raj, R. and Kumari Felicy Antony		Limnological studies of tropical impoundments, II, 53.
Sreeramulu, T. and Ramalingam, A.		Some short-period changes in the atmospheric spore content associated with changes in the weather and other conditions, 154.
Varghese, Thomas, M. and Pundir, Y. P. S.		Anatomy of the pseudocarp in *Anacardium occidentale* L., 252.
Venkataraman, R.	..	Studies on thermo-photo-sensitivity of the paddy plant under field conditions, 117.
Vimala K. Menon	..	A new species of *Palmoxylon* from the Deccan intertrappean beds, 77.
	..	*See* Rao and Vimala K. Menon.

TITLE INDEX

Acrostichum aureum L., the gametophyte of (Nayar and Farrukh Kazmi), 185.

Anacardium occidentale L., anatomy of the pseudocarp in (Varghese and Pundir), 252.

Aphelinidae (Hymenoptera-Chalcidoidea) collected at Aligarh (India), studies of forms of, I (Agarwal), 263.

Argemone mexicana Linn. II (Kapoor and Sharma), 88.

Blast disease caused by *Piricularia oryzae*, breeding rice varieties resistant to (Padmanabhan and others), 287.

Blast disease of rice, nitrogenous manuring in relation to (Rao), 173.

Calc-granulites from Srikakulam District, mineralogy of the (Rao and Sastry), 222.

Cephalotaxus drupacea Sieb. *et* Zuc. C., the peculiar sclereids of (Rao and Malaviya), 228.

Cirrhina mrigala (Hamilton), pituitary gland of, morphological, histological and histochemical studies of the (Lal), 297.

Citrus varieties, some non-commercial, sex-expression in (Motial), 96.

Fungi from Mysore, new records of, III (Nag Raj), 47.

Gramineae, morphological studies in the, V (Chandra and Saxena), 1.

Impoundments, tropical, limnological studies of, II (Sreenivasan and others), 53.

Lampito mauritii, earthworm, oxygen consumption of the, influence of pH and temperature on the (Saroja), 145.

Legumes, some, root nodules in, a contribution to the study of (Narayana and Gothwal), 350.

Marine micro-organisms, the production of vitamin B_{12}-like substances by, I, II, (Gandhi and Freitas), 24, 33.

Medicinal composites, some, chromosome numbers in (Koul), 72.

Meretrix casta (Chemnitz) estuarine clam, a study of alloxan-induced "Diabetes" in the (Kasinathan), 318.

Mystus (= *Macrones*) *gulio* (Ham.), omnivorous fish, the anatomy and histology of the alimentary canal of (Pasha), 211.

Nymphaeaceae, morphological and embryological studies in, I (Pushpa Khanna), 237.

Ocypoda platytarsis (M. Edwards), the relative growth of abdomen in, effect of implantation of androgenic gland on (Sarojini), 259.

Paddy plant, thermo-photo-sensitivity of, under field conditions, studies on (Venkataraman), 117.

Palmoxylon from the Deccan intertrappean beds, a new species of (Vimala K. Menon), 77.

Palmoxylon sundaram (Sahni), a new specimen, probably of, from Mohgaon Kalan, Madhya Pradesh (Rao and Vimala K. Menon), 137.

Productivity measurements, primary, standardization of C^{14} stock solution and filter efficiency in the comparison of (Prasad and others), 245.

Riopa guentheri (Peters) reptilia, the blood vascular system of (Kashyap and Nigwekar), 195.

Sarcandra irvingbaileyi Swamy, morphological and ontogenetic studies in, III, (Ramji), 360.

Specificity of haemolymph from different insects for the culture of tissues from other insects, studies on the (Sen Gupta), 103.

Spore content, atmospheric, associated with changes in the weather and other conditions, some short-period changes in the (Sreeramulu and Ramalingam), 154.

Sugarcane, contributions to a biochemical study of, I (Parthasarathi and Ramakrishnan), 110.

Tectaria amplifolia (V.A.V.R.) Christensen, contribution to our knowledge of the sporophyte of (Rao and Prem Khare), 328.

Tilapia mossambica (Peters), a herbivorous fish, alimentary canal of, the anatomy and histology of the (Pasha), 340.
